

## PolyMorphic Systems Price List

**PART NO.    PRICE    DESCRIPTION**

---

**POLY 88 Systems—Assembled and Tested**

001240	\$ 2250	<b>System 16:</b> Ready for programming within ten minutes of delivery. The System consists of the POLY 88 central processor board, video circuit card, cassette interface, 16K of RAM, cabinet, backplane, power supply, fan, keyboard, TV monitor, and cassette recorder. 11K BASIC and Assembler are included.
001260	1175	<b>System 12:</b> The core of the POLY 88... giving you full compatibility with the POLY 88 software library. System 12 consists of the central processor card, video circuit card, cassette interface, cabinet, backplane, power supply, fan, keyboard, 11K BASIC and Assembler. Requires S-100 memory, TV monitor, and cassette recorder for operation.

---

**POLY 88 Systems—Kit**

002260	\$ 1575	<b>System 6:</b> a System 16 in kit form, less the TV monitor and cassette recorder.
002210	735	<b>System 2:</b> a System 12 in kit form, less the keyboard and fan.
002201	525	<b>System 0:</b> The circuit cards an S-100 mainframe owner needs to be compatible with the POLY 88 software library. System 0 consists of the central processor card with monitor ROM, the video circuit card, and cassette interface, all in kit form.

---

**POLY 88 System Software**

800001	\$ 15	<b>Assembler:</b> 8K Assembler on cassette
800052	15	<b>8K BASIC:</b> 8K BASIC on cassette tape
800053	15	<b>11K BASIC:</b> 11K BASIC on cassette tape

---

**Miscellaneous**

009010	\$ 225	<b>Keyboard:</b> a standard ASCII keyboard with a positive logic and control characters. The cover and necessary cables for interfacing to a POLY 88 are provided.
009020	125	<b>Cas Deck:</b> a Superscope C103 cassette recorder with necessary cables for operation in either Byte or Polyphase recording modes.
009005	210	<b>TV Mon 9:</b> a 9" video monitor with cables.
017490	12	<b>100 .15 Con:</b> 100 pin connector. .15 spacing (Altair compatible).
017492	10	<b>100 .25 Con:</b> 100 pin connector for POLY 88. .25 spacing (IMSAI compatible).

Delivery 30 days.

Sockets for all IC's included with all kits.

All prices and specifications subject to change without notice.

## PolyMorphic Systems Price List

**PART NO.    PRICE    DESCRIPTION**

---

**Components—Assembled and Tested**

001026	\$ 280	<b>Video 64:</b> Video Terminal Interface with 16 line by 64 character display on video screen
001030	385	<b>8K RAM:</b> 8K static RAM board with provision for battery backup.
001050	355	<b>P88 Chassis:</b> Cabinet, backplane, and power supply. Includes five 100 pin connectors
002051	195	<b>Backplane:</b> Backplane and power supply with five 100 pin connectors.
001062	335	<b>CPU Card:</b> 8080 based central processor with ½K of RAM, room for 3K of ROM (2708 type), real time clock, vectored interrupt, and USART package.
001080	80	<b>Printer Int:</b> Printer interface minicard (RS-232) which requires USART package on CPU for operation.
001091	85	<b>Cas Card:</b> Byte/Polyphase cassette interface minicard. Requires USART package on CPU board.

---

**Components—Kit**

000210	\$ 55	<b>POLY I/O:</b> Prototype board, with bus interface chips.
002026	210	<b>Video 64:</b> Video Terminal Interface board with 16 line by 64 character display on video screen
002030	300	<b>8K RAM:</b> 8K static RAM board with provision for battery backup.
002050	235	<b>P88 Chassis:</b> Chassis, backplane, and power supply. Includes five 100 pin connectors.
002061	215	<b>CPU Card:</b> 8080 based central processor with ½K of RAM, room for 3K ROM (2708 type), real time clock, and vectored interrupt.
101016	65	<b>P88 Mon ROM:</b> System monitor ROM for POLY 88.
002080	65	<b>Printer Int:</b> Printer Interface minicard. RS-232 or current loop interface which requires USART package on CPU for operation.
101038	45	<b>CPU USART:</b> Serial communication port for use with cassette or printer interface.
101140	35	<b>Fan Mod:</b> fan, bracket, and wire for POLY 88; kit.
002091	65	<b>Cas Card:</b> Byte/Polyphase cassette interface minicard. Requires USART package on CPU board.

---

**Instruction Manuals**

100000	\$ 7	<b>Video</b>
101017	25	<b>POLY 88</b>

Delivery 30 days.

Sockets for all IC's included with all kits.

All prices and specifications subject to change without notice.
