Spring Upgrade Catalog

Macintosh Plus

There's no better time to better your system.

Bob Cook, President,
Sun Remarketing Inc.

It's almost a given that your business or home computing needs will grow. So it's important to have a computer system that will keep up with your increasing demands. You may need additional software, extra storage capacity, or a more powerful computer. Whatever improvements your current computer system may require, this Upgrade Catalog gives you the perfect opportunity to get them at a great price.

From Apple software and peripherals to computers like the Lisa and Macintosh, Sun Remarketing has a host of options to cost-effectively upgrade your system. Our reconditioned products, will deliver the performance you need to execute all of your applications.

And now, with the Lisa and Sun Remarketing's MacWorks Plus software, you can get the performance of a Macintosh, at a fraction of the cost of purchasing a new Macintosh.

A no risk-guarantee. Along with the savings, we also offer the Sun Remarketing no-risk guarantee to ensure that you're completely satisfied with your purchase. This 30- to 90-day warranty applies to every new, reconditioned or out-of-production product we sell. If you're unhappy with your purchase for any reason, send it back for a full refund or replacement.

We also back every purchase with service and support from our qualified staff of technicians. As the only company authorized by Apple Computer Inc. to sell and service their out-of-production

equipment, Sun Remarketing can stand behind its products like nobody else.

Easy ordering.

Placing your order is simple and fast. Just call us at (800)-821-3221 ext. 367 (U.S. and Canada, Utah residents should call (801) 752-7631). Our extended ordering hours are Monday through Friday, 8:00 a.m. to 8:00 p.m. EST (5-5 PST) and on

Saturday, 10:00 a.m. to 3:00 p.m. EST (7-noon PST). Or, if you prefer, mail in the attached order form. Remember, the shipping cost (found in parentheses following the product listing) will be added to the purchase price. We accept Visa, Master Card and American Express, as well as checks and C.O.D. purchases. Your order will be shipped within 24 hours.

The prices in this catalog are applicable through July 31, 1989. In order to

get this catalog's lower prices, you need to mention specifically the price listed in this catalog on the product you want.

Take advantage of this opportunity to upgrade your system to the level of performance you need. If you have any questions, or need some-

thing you can't find in this catalog, give us call. We're happy to help you put together the right computer system.

Bob Cook
President, Sun Remarketing, Inc.

Our Guarantee to You:

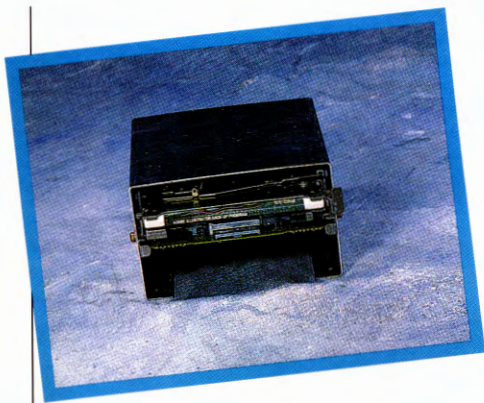

We do everything in our power to make sure you are completely satisfied with your purchase. If, for any reason, you are dissatisfied with your product, we will replace it, or refund the purchase price.* All of our reconditioned products carry at least a 30-day warranty -- some as much as 90 days. Certain new products carry even longer guarantees through the manufacturer. For specific details, please call our customer service line at (801) 752-7631.

Lisa 20, 30, and 40MB Systems.

With additional development by Sun Remarketing technicians, the already-powerful Lisa offers increased storage ability and MacWorks Plus software that gives users the performance and capabilities of Macintosh machines, and makes the Lisa Mac Plus-compatible. The Lisa now offers 20, 30 and 40 megabyte hard drives with a 400K or 800K internal floppy. It has a 12-inch screen and 1MB of RAM.

This package also includes QuickLetter word processing software and a Screen Modification Kit that transforms the rectangular pixels on the larger Lisa screen into square pixels like the Macintosh, solving the difference in graphics proportions.

Lisa System 400K Drive Cat.# 101 (\$35.00)	\$695
Lisa System 800K Drive Cat.# 101.318 (\$35.00)	\$895
20MB System 800K Drive Cat.# 101.229.318 (\$35.00)	\$1,495
30MB System 800K Drive Cat.# 101.386.318 (\$35.00)	\$1,695
40MB System 800K Drive Cat.# 101.295.318 (\$35.00)	\$1,895
Screen Modification Kit Cat.# 257 (\$3.90)	\$79
(Included with Lisa System purchase.)	

Sun 800K Internal Lisa Drive Upgrade.

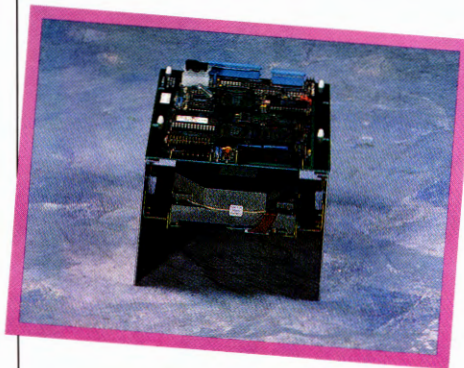

This self-installable upgrade kit allows you to use double-sided, 3.5-inch, 800K diskettes on your Lisa.

MacWorks Plus software enables the Lisa to read both sides of the disk, as well as to format, read and write to any Macintosh double-sided diskette, including 400K. MacWorks Plus is required to run this 800K drive. (Sun Remarketing requires a \$50 core charge, which will be refunded when you send in your old drive.)

Sun 800K Internal Drive Upgrade
Cat.# 318 (\$5.88) **\$399**

Sun 20/30/40—Lisa Hard Drive System.

The 20/30/40MB internal hard drive for the Lisa is the result of a team effort by Sun Remarketing technicians and Apple Computer, Inc. to give users an enhanced storage alternative to the Lisa's standard 10MB drive. This drive not only offers the increased storage capacity, but increases

performance by as much as 200 percent, while operating on considerably less power. Included in the package is MacWorks Plus.

Sun 20 Cat.# 229 (\$13.48)	\$795
Sun 30 Cat.# 386 (\$13.48)	\$995
Sun 40 Cat.# 295 (\$13.48)	\$1,195

MacWorks Plus.

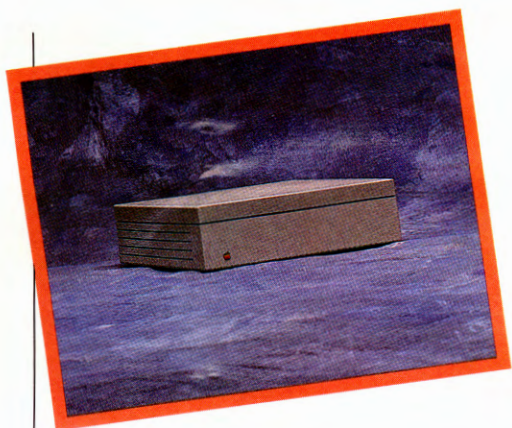

This is the latest version of MacWorks that allows the Lisa and Macintosh XL to emulate a Mac Plus. Now Lisa users can

enjoy the programs that until now, only Mac users were able to access, such as Multifinder and Hypercard.

MacWorks Plus 800K Cat.# 191 (\$3.90)	\$200
400K Version Cat. #381 (\$3.90)	\$200

Apple 20 SCSI.

This specially-priced SCSI gives users an economical way to significantly upgrade the capabilities of a Mac+ or any other machine with SCSI capabilities. The Apple 20 comes with a 90-day guarantee. (SCSI cable not included.)

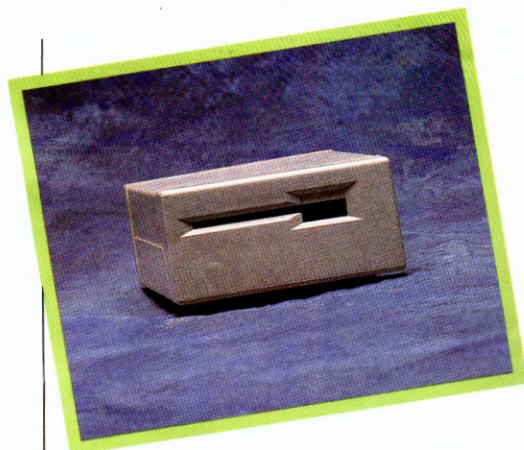

Apple 20 SCSI Cat.# 373 (\$13.90) **\$595**

Macintosh.

As Macintosh popularity rises, used machines are increasingly difficult to find. But contracts with national leasing com-

panies and large corporations allow Sun Remarketing to purchase their Macs as the companies upgrade to newer models. Although most of these computers have been on service contracts and come to us in excellent condition, each machine is still cleaned and tested, and carries an unrivaled 90-day warranty.

Macintosh SE Dual Drive Cat.# 121 (\$24.00)	\$1,995

Sun 400K/800K Mac External Floppy.

These external drives are the original drives from the Mac, removed and reconditioned by Sun Remarketing technicians and packaged in a new case. Made by Sony, these drives are very reliable and come with a 90-day warranty — the same warranty as our new drives. The low price makes them a cost-conscious way to upgrade the storage capacity of your Mac.

APPLE /// Packages.

Apple /// ProFile Package: This package includes a 256K Apple /// with a monitor, 5MB ProFile, AppleWriter /// (v2.0), AppleSpeller ///, and Softcard ///.

Cat.# 001.010 (\$45.49) **\$795**

Apple /// ProFile/Printer Package: This package offers a Seikosha SP 1200 AS Printer in addition to everything the Apple /// ProFile package provides.

Cat.# 001.010.348 (\$60.39) **\$995**

AppleWriter /// and Apple Speller ///.

For a limited time, these two popular programs are packaged at one low price. AppleWriter is the user-friendly word processing program that allows the user to create, edit, format and print documents. Its text editing and print commands are complete, allowing freedom in manipulating the body of a document as desired.

Apple Speller can be run as an option of AppleWriter, giving the user an additional word processing resource. This spelling verification program allows the

user to check documents for spelling errors, word usage, word count and vocabulary analysis. The program contains an 83,000-word dictionary based on the Random House Dictionary.

AppleWriter/AppleSpeller
Cat.# 032.028 (\$5.40) **\$59**

MICRO/Courier.

This electronic mail system for your Apple /// allows you to send VisiCalc files, reports, memoranda, computer programs, graphs, and charts to any other MICRO/Courier-equipped Apple computer. All of this can be done over regular phone lines.

MICRO/Courier Cat. # 073 (\$3.90) **\$15**

Senior Analyst ///.

Senior Analyst is a powerful corporate planning tool designed to help business managers and professionals develop budgets, forecasts and other financial models. It's simple for anyone to use, even without programming experience.

Senior Analyst /// Cat.# 166 (\$3.90) **\$15**

VisiCalc ///.

VisiCalc /// is the well-known, powerful electronic worksheet software. It virtually eliminates calculator, paper and pencil in developing plans and analyzing results. It is an extensive library of financial, statistical, scientific and modeling functions.

Apple //e Cat.# 167 (\$32.00) **\$595**

Olympia and Fortis printers are ideal upgrades.

ImageWriter-compatible Olympia and Fortis printers have two things that make them a perfect upgrade for your system: outstanding performance and outstanding prices.

The Olympia NP30 and Fortis DM1310 are a dot matrix printers that have the same quality, speed, and graphics printing capabilities as the ImageWriter I, but cost much less. These 16.7-inch wide, standard-carriage printers produce 180 CPS in draft mode, have a 4K buffer, and can print on both tractor fed forms or single sheets.

Fortis' fast DM2010t and DM2015t printers can produce 240 CPS in draft mode and have a 7K buffer. They offer performance comparable to the ImageWriter II and can handle single sheets of paper or tractor-fed continuous forms. The standard-carriage DM2010t is 17.3 inches wide and the wide-carriage DM2015t is 24.9 inches wide.

Olympia NP30 Cat.# 251 (\$16.90) **\$329**

Fortis DM 1310 Cat.# 392 (\$16.90) **\$329**

Fortis DM2010t Cat.# 158 (\$17.50) **\$479**

Add capacity to your Lisa with these new enhancements.

Lisa SCSI Card Sun Remarketing engineers have developed a Lisa-compatible SCSI card that will allow users to run any Macintosh SCSI drive on a Lisa. Complete interchangeability means you can carry a SCSI hard drive between work and home and run Mac programs from work on your Lisa at home, or vice versa. An 8-chip design ensures optimum performance, but keeps the price down. The Lisa SCSI card lets you operate any brand SCSI-compatible hard drive, an Apple CD ROM player, LaserWriter SC, FAX modem, Scanner, or a tape backup device. This card does not include a SCSI cable.

Lisa SCSI Card Cat.# 129 (\$3.90)

\$249

Lisa Memory Expansion Card Many Lisa users have been waiting for a development such as this. This card allows you to add memory to your Lisa, upgrading its capacity by up to two megabytes per card. This state-of-the-art technology uses SIMMs (single inline

memory modules), just like the Macintosh. The extra capacity for your Lisa will give you the power to run storage-intensive programs such as PageMaker, HyperCard or MultiFinder.

Lisa Memory Expansion Card Cat.# 231 (\$3.90)

\$599

Smart One Modem and MacNet.

This is a well-built, reliable, 2400-baud modem from Best Data Products Inc. offers plenty of room to grow. It is fully compatible with Hayes AT command and register set at all speeds. It includes an internal speaker, 11 status LEDs, auto answer and auto dial. When ordering the Smart One, please specify the computer model.

With this modem and MacNet, users can utilize a new networking program exclusively for Mac and Lisa users. This new network allows Mac users who have a modem to access the network by calling a local phone number. Users will be able to receive and send files economically from all over the world.

Sun Remarketing is sponsoring a forum that is accessible through MacNet. It allows our customers to ask questions, leave messages, place orders and find out the latest news from Sun Remarketing by using our MacNet access code: SUN-REM1.
